Dacey and Chase have an en-tertaining number which includes comedy, music and sketching with sand, the novelty of the latter making it especially pleasing. Laurie and Aleen have a comedy act which makes a decided hit. "Those two kids" exhibit well tuned volces and have an entertaining line of jokes. # SUCCESSFUL CHARITY BALL

Throng of 1500 Dancers Brilliant Scene at the Armory-White and Gold in Decorations Form Harmonious Color Scheme For Annual Social Function by Catholic Woman's Club of St. Patrick's Parish.

Declared the most successful in the long list of similar events conducted under the auspices of the Catholic Woman's club of St. Patrick's parish, that annual Charity ball of 1913, held Monday evening in the armory will stand out a conspicious success in every detail that went to make up the pleasures of the evening for the crowd of 1500 people who thronged the hall. Along with the satisfying social side of the evening went the consciousness that the work of preparation by the officers and all their assistants was to be crowned with a success that would be large and substantial for the cause in which they had been working and that they would be able to make a large return for the charity work of St. Patrick's parish.

#### Concert Programme.

For the opening part of the evening there was a concert programme from 8.30 to 9 o'clock eerr,ndCHARI from 8.30 to 9 o'clock tendered with fine effect by James F. Drew's full orchestra. The following were the selections:

March—The Outpost ......Reed Overture—Poet and Peasant ....Verdi Selection—Popular Airs ......Snyder The Decorations.

During the concert programme the big drill hall was rapidly filling up and a beautiful and animated scene was presented. The color scheme of white and gold, completely and elaborately carried out so that not a vestige of the real armory interior could be seen, made a setting at once soft, rich and harmonious for the beautiful gowns worn by the ladies. For this splendid decorative effect all credit is given to George F. McCormack, assistant decorator at the Boston store, given to George F. McCormack, as-sistant decorator at the Boston store, who had as his principal assistants John and Joseph Sullivan, while in the electrical effects was seen the work of John Carney, assisted by D. J. Cough-lin and J. McGrory.

In the treatment of the celling there

In the treatment of the ceiling there was a refreshing departure from the streamers which have been used on previous occasions, for the ceiling was completely covered in white cloth, divided into large squares by shirred lines of gold cloth. Only in the ceiling was the color used, for the boxes, front and rear walls were completely draped in white. A string of electric lights, one for each side of the hall, was festooned along the ceiling lengthwise of the hall, with southern smilax intertwined. There were 85 electric lights in each string.

In the boxes on each side of the hall a graceful effect was achieved with oval forms brought from the corners and made to meet over the center of the box, where an electric light was hung in an artistic shade in white and gold. The southern smilax was twined over the coval arches, which were covered in gold. On the north side of the hall an upper tier of boxes had been specially arranged, and these were prettily decorated with potted palms and ferns on the front rail.

On the front of the elevated band-

On the front of the elevated band-stand was the word CHARITY in elec-tric lights, and at the opposite end of the hall, on the gallery, was the electric sign, 1913. The president's box under the band stand had an at-tractive arrangement of bay trees and other green plants at its entrance and a basket ofg daffodlis stood on the center table. center table.

Shortly after 9 o'clock the floor was filled with 100 couples for the grand march, which was one of the prettiest as well as one of the most intricate presented at the armory in a long time; but it was successfull, carried through under the direction of Prof. Thomas F. Maher. The couples participating were separated into two divisions, each completing its figure in its half of the hall and then coming together see that the head couples its half of the hall and then coming togther so that the head couples emerged from the center and advanced up the hall to complete the march. The line was led by Professor and Mrs. Frank L. Farrell, the latter the president of the Cathelle Weman's club. She were an exquisite gown of lavender and carried a large bouquet of My Maryland roses. The seven couples following them, the ladies all beautifully gowned and carrying bouquets of roses, were Mayor and Mrs. T. C. Murphy, Mr. and Mrs. Maurice Kelly, Mr. and Mrs. James F. assortment of juggling and tumbling stunts.

Well selected motion pictures add to the attraction of the bill.

When the march was cancluded amid applause the dancing was taken up to occupy the rest of the evening, with eighteen numbers.

The general arrangement commit-tee included Mrs. Frank L. Farrell

Mrs. T. C. Murphy, Mrs. Maurice Kelly, Mrs. Richard M. Powers, Mrs. William Brown Mrs. John Slattery, Mrs. William H. Shields, Mrs. James Fenton, Mrs. James B Shannon, Mrs. J. J. Corkery, Mrs. N. E. Sullivan .
